

14. Wi Na Wan Fambul THE ECCODEK TRANCE CANADA MIX

© 2012 SOCAN (for ANDREW MCPHERSON) | Written by FAMBUL TOK/ECCODEK (ANDREW MCPHERSON)

Canadian producer, remixer, and multi-instrumentalist Eccodek (a.k.a. Andrew McPherson) works with inspired singers and gifted multi-instrumentalists from the four corners of the globe to find a common love for dub, funk, jazz, and cinematic electronics. Eccodek is the sound of cultures mingling, borders dissolving. It is the sound of the dub chamber, the goatskin drum and decaying vintage synths. Eccodek's tracks are built on a foundation of global beats, soaring melodies, and textured electronica that has firmly established the project as a leader in global fusion.

"... the power of song is a potent thing."
